Company overview

Alternative Logistics LLC is a U.S.-owned small business in Alexandria, Virginia. We supply scientific and test instruments, operational equipment and replacement components to federal contracting offices. We source from manufacturers and authorized distributors, and one accountable contact manages each order from quote through acceptance.

Core capabilities

Scientific, survey & test instruments

- ◆ Laser scanning, surveying & mapping instruments
- ◆ Spectrophotometers, analyzers & lab instruments
- ◆ Electronic test & measurement equipment
- ◆ Accessories, consumables & spares

Operational equipment, components & supplies

- ◆ OEM & NSN replacement components
- ◆ Facility equipment, furniture & lockers
- ◆ Printer, graphic & operational supplies
- ◆ Industrial equipment (partner installation)

Differentiators

Verifiable federal record

Purchase orders since 2025 from USGS, the U.S. Coast Guard, Army MICC, AFRL and DLA. Order numbers are listed below, so you can check each one on USAspending.gov.

Specification and origin checked before we quote

Each line item is checked against your salient characteristics. We record the manufacturer, part number and country of origin, and state Buy American or Trade Agreements status.

Familiar with simplified-acquisition formats

Salient-characteristic RFQs, NSN part-number buys and Army S2P2 reverse-auction RFQs, from civilian and defense contracting offices.

Federal experience (public award records)
